

2022 Daejeon United Cities & Local Governments (UCLG) World Congress

The global stage for city diplomacy will be held in Daejeon

Introduction to UCLG

Consisting of 240,000 local and regional governments from 140 different countries, United Cities & Local Governments (UCLG) is the world's largest local government organization and the only one of its kind recognized by the United Nations.

※ As of March 2021

Objectives

Share information and policies among local governments

Bolster economic, social, and environmental development in the community

Strengthen decentralization and international cooperation

The 2022 Daejeon United Cities & Local Governments World Congress is poised to focus on world peace, smart sustainable cities, decentralization and citizen engagement, and global communication as well as promotion of Korean pop culture.
